

RADIO FREE ASIA RELEASES YEAR OF THE MONKEY QSL JANUARY 2016

Radio Free Asia (RFA) announces the release of our Year of the Monkey QSL. The Year of the Monkey begins February 8, 2016 and ends January 27, 2017. The design is used with permission from the United Nations Postal Administration (UNPA). The sheet is made of ten \$ 1.20 USD stamps with the UN emblem as a standard international first class postage stamp. Those born in a monkey year are said to be optimistic, adventurous, humorous, forthright and to-the-point, and intelligent. Monkeys have strong personalities and are witty, but also mischievous, clever and curious about the world around them. The Chinese New Year is celebrated in many countries around the world. This is RFA's 60th QSL and is used to confirm all valid RFA reception reports from January-April 2016.

RFA's Year of the Monkey QSL

Created by Congress in 1994 and incorporated in 1996, RFA broadcasts in Burmese, Cantonese, Khmer, Korean to North Korea, Lao, Mandarin (including the Wu dialect), Vietnamese, Tibetan (Uke, Amdo, and Kham), and Uyghur. RFA strives for accuracy, balance, and fairness in its editorial content. As a 'surrogate' broadcaster, RFA provides news and commentary specific to each of its target countries, acting as the free press these countries lack. RFA broadcasts only in local languages and dialects, and most of its broadcasts comprise news of specific local interest. More information about Radio Free Asia, including our current broadcast frequency schedule, is available at www.rfa.org.

RFA encourages listeners to submit reception reports. Reception reports are valuable to RFA as they help us evaluate the signal strength and quality of our transmissions. RFA confirms all accurate reception reports by mailing a QSL card to the listener. RFA welcomes all reception report submissions at <http://techweb.rfa.org> (follow the QSL REPORTS link) not only from DX'ers, but also from its general listening audience

Reception reports are also accepted by email at qsl@rfa.org and by mail to:
